

COMBINED MEETING OF THE

**British Society for Restorative Dentistry and the
British Association of Teachers of Conservative Dentistry**

VENUE:

INSTITUTE OF CIVIL ENGINEERS, LONDON

Thursday, 6th November and Friday, 7th November 2008

British Association of Teachers of Conservative Dentistry,
Thursday, 6th November 2008

British Society for Restorative Dentistry,
Friday, 7th November 2008

Joint Meeting of the British Society for Restorative Dentistry and British Association of Teachers of Conservative Dentistry, The Institute of Civil Engineers, London – Thursday, 6th and Friday 7th November 2008

Dear colleague,

On behalf of the British Society for Restorative Dentistry and the British Association of Teachers of Conservative Dentistry, we warmly invite you to join us to this, the first joint meeting of the two societies. Whether you are a teacher or a practising restorative dentist this conference is a must for you.

Join us for two days in the fabulous setting of the Institute of Civil Engineers in the City of Westminster.

The conference will be spearheaded by the BATCD meeting exploring the issues that affect the quality of clinical learning and teaching in restorative dentistry in undergraduate UK and ROI dental schools.

The meeting of the BSRD will focus on "hints and tips" from experts in the various fields of restorative dentistry.

Make sure you book for the conference dinner! This will also be jointly hosted by the two societies and should be a great evening.

Serpil Djemal
President, BSRD

Nicolas Martin
President, BATCD

BRITISH ASSOCIATION OF TEACHERS OF CONSERVATIVE DENTISTRY

Scientific Programme Thursday 6th November 2008

Theme 1: Clinical Restorative Dentistry in Undergraduate UK and ROI Dental Schools

13.00	Registration	
14.00	Welcome and introduction	Dr Nicolas Martin
14.10	Report on a national survey – Facilitators and barriers to the high quality teaching and learning	Dr Angela Fairclough
14.40	A new curriculum in Sheffield	Prof Andrew Rawlinson
15.00	A new curriculum in Peninsula	Mr Matthew Jerreat
15.20	A new curriculum in Central Lancashire	Prof Lawrence Mair
15.40	Tea	

Theme 2: Teaching restoration replacement to undergraduates

16.00	Teaching the rudiments of restoration replacement....can it be improved?	Dr Robert McAndrew
17.00	British Association of Teachers of Conservative Dentistry Annual General Meeting	
18.00	Close	

Joint Society Dinner

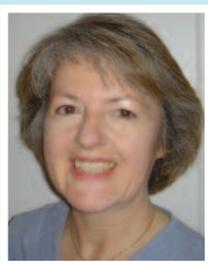

19.00	Drinks reception at City Inn, London
20.00	Dinner followed by dancing

BRITISH SOCIETY FOR RESTORATIVE DENTISTRY

Scientific Programme Friday 7th November 2008

08.30	Registration	
09.00	Welcome and introduction	Miss Serpil Djemal
09.10	Restoration survival	Prof Reinhard Hickel
10.10	What to use in endodontics	Prof Bill Saunders
11.10	Coffee and trade show	
11.40	Restoration of the endodontically treated tooth	Prof Marco Ferrari
12.40	Lunch and trade show	
13.40	Dental demolition	Mr Jeremy Hayes
14.40	Tea and trade show	
15.10	What's new in crown & bridgework?	Prof Callum Youngson
16.10	Discussion and close	

SPEAKERS - BRITISH ASSOCIATION FOR TEACHERS OF CONSERVATIVE DENTISTRY

DR. ANGELA FAIRCLOUGH

Graduated from Liverpool University in 1980. Subsequent to hospital posts at Liverpool until 1983 she crossed the Pennines to Sheffield and took up a lecturing post in restorative dentistry. She graduated with a Masters in Education for University Lecturers in 1994, followed by a PhD in 2004 on the subject of "Women returning to dentistry after a career break – returning and retraining issues".

She is currently a Senior Clinical Teacher at Sheffield and Director of Learning and Teaching School of Clinical Dentistry since 2006. Angela is the Editor of Teaching in Higher Education, has presented nationally and internationally on dental education and has published papers, made teaching videos and contributed chapters to books on education issues. She is involved with the new curriculum and assessment procedures about to be implemented at Sheffield and is passionate about developing enthusiasm for learning and teaching.

PROFESSOR ANDREW RAWLINSON

Graduated from the University of Leeds, entering directly into general dental practice. He then held various hospital positions in Leeds, and academic posts at the University of Leeds and the University of London, before moving to Sheffield. He has worked at the University of Sheffield since joining the Department of Adult Dental Care as a lecturer in 1982. During this time he has taught on every clinical course in the department at undergraduate level, and on the taught Master's courses in his specialist area of periodontology. Since 2003, Andrew has been actively involved in the development of the new undergraduate curriculum due to be implemented in September 2008. He has particular leadership for the development and integration of the restorative dentistry curriculum. His research interests include the microbiology of periodontal diseases and the effects of treatment, investigations on host factors in gingival crevicular fluid, clinical trials on aids to oral hygiene, the effect of psychological stress on the outcome of periodontal treatment, the development of image analysis techniques, and quality of life measures to determine patient centered outcomes.

MR. MATTHEW JERREAT

Graduated at Bristol University in 1999 and completed his Fellowship in Restorative Dentistry in 2006 (Royal College Surgeons, Edinburgh). He is currently a Year 4 Lead /Honorary Consultant and Specialist in Restorative Dentistry at Peninsula College of Medicine and Dentistry. He is responsible for the overall co-ordination of the fourth year of the programme which includes student learning and wellbeing and delivery of the curriculum. He holds NHS Restorative Dentistry contracts in Musgrove Park and Royal Devon and Exeter Hospitals and provides management of patients with head and neck cancer and developmental disorders. His specialist interests include multidisciplinary care of patients with orthodontic-restorative needs and the rehabilitation of cancer patients with dental implants.

PROFESSOR LAWRENCE MAIR

Graduated at the University of Liverpool in 1975 and went straight into general dental practice for two years. He returned to the dental school as a lecturer and was promoted to senior lecturer in 1994. Recently he has been appointed as head of the new School of Dentistry at the University of Central Lancashire. Lawrence's research has focused on wear mechanisms in the mouth and fatigue failure in resin bonded restorations. In his present role he is engaged in working with PCT providers and postgraduate deans to understand the roles of dental education centres, outreach attachments and VT training in the education of dentists.

DR. ROBERT MCANDREW

Is a typical ISTJ who lists consistency as one of his major attributes in life. Robert, please never call him Bob or Bobby, is a Clinical Senior Lecturer and Honorary Consultant in Restorative Dentistry at Cardiff University. He qualified from the dental school in 1986 and worked in various academic and health service positions before settling in Cardiff in 1993. His PhD examined the effect of training on decision making in restoration replacement amongst dentists and his Master's thesis was on the "Biomechanics of post crown systems". Robert is heavily committed towards undergraduate and postgraduate education in dentistry and regularly lectures and provides "hands-on courses" throughout the UK to all members of the dental team. He is an external examiner for the ORE and MFDS examinations. He sits on the editorial board of Dentistry magazine, and is director of CPD to the journal CPD in Practice. Robert is a single handicap golfer and ECB approved level II cricket coach, who also enjoys playing cricket and squash and reading James Herbert in the little spare time that he gets.

SPEAKERS – BRITISH SOCIETY FOR RESTORATIVE DENTISTRY

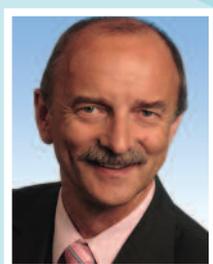

MARCO FERRARI

Graduated in Medicine and Surgery at the University of Pisa, followed by his Degree in Dentistry at the University of Siena and his PhD in Dental Materials at ACTA in Amsterdam. He is currently Dean of the School of Dental Medicine, Director of the Dental Materials and Fixed Prosthodontics Department and Director of the International School of Doctorate on Biotechnology at the University of Siena; Research Professor, Department of Restorative Dentistry and Fixed Prosthodontics, Tufts University, Boston; Adjunct Professor, Department of Fixed Prosthodontics, University of Rochester, USA and Visiting Professor, Department of Prosthodontics, Xi'an University, China. Marco is also a member of the Editorial Boards of the Journal of Dental Research, Journal of Dentistry, American Journal of Dentistry, International Journal of Prosthodontics and Journal of Adhesive Dentistry; is the Editor of International Dentistry South Africa, and acts as a referee for 8 additional international journals. He is President-elect of the Academy of Dental Materials; Past-President of the European Federation of Conservative Dentistry; Secretary of the Italian Conference of Dental Schools and has published more than 250 articles in international journals.

S JEREMY HAYES

Is a Lecturer in Restorative Dentistry and Honorary Associate Specialist at the School of Dentistry, Cardiff University; he is on the General Dental Council, UK Specialist List in Endodontics. He was the first UK Dental Defence Union Dental Teacher of the Year in 2000/1 and is an examiner for MFDS and the General Dental Council, UK International Qualifying Examination. Jeremy is Associate Editor of the International Endodontic Journal'

REINHARD HICKEL

Graduated Dr.med.dent. in 1989. He has been Professor, Chair of the Dental School and Head of Department of Conservative/Restorative Dentistry, Periodontology and Paediatric Dentistry, Ludwig-Maximilians University of Munich since 1998. He is currently President of the German Association for Dental Education and President-Elect of the IADR-CED and is a past-President of the European Federation for Conservative Dentistry (2001-2003). He is an Editorial Board member of eleven journals, including Journal of Dental Research, American Journal of Dentistry, Dental Materials, Journal of Prosthetic Dentistry, Journal of Adhesive Dentistry and Journal of Computerized Dentistry. His research interests are: new restorative materials (especially composite, GIC, composite- and ceramic-inlay, veneers, CAD-CAM systems) minimally invasive dentistry; toxicology and side effects of restorative materials; lasers in endodontics, periodontology and restorative dentistry; wear and erosion; prevention (new diagnostic systems) in paediatric dentistry. He has published extensively with over 300 publications, 4 books and 19 book chapters.

WILLIAM SAUNDERS

Graduated from the Royal Dental Hospital of London in December 1970. Spent five years in the Royal Air Force and then entered general dental practice. He was a Principal for six years and then became a lecturer in Conservative Dentistry at the University of Dundee in 1981 where he completed Higher Specialist Training in Restorative Dentistry and a PhD. Appointed to a senior lectureship and consultant post in the University of Glasgow Dental School in 1988. Appointed to a Personal Chair in 1993, first as Professor of Clinical Practice and then Professor of Endodontology. Appointed Professor of Endodontology, University of Dundee in 2000 and also appointed Dean of Dentistry and Head of Department in the same year. Research interests include broad aspects of Endodontology and Applied Dental Materials. Clinical interests are linked mainly to endodontics, especially surgical and non-surgical root canal retreatment. He has been President of the British Endodontic Society, Chairman of the Association of Consultants and Specialists in Restorative Dentistry and is currently Chairman of the Education Committee of the European Society of Endodontology. He was Editor of the International Endodontic Journal for seven years from 1991-1998 and is now a Consultant Editor. He is on the refereeing panel for a number of peer-reviewed journals and he sits on the Council of the Royal College of Surgeons of Edinburgh Dental Faculty. He is Chairman of the Speciality Advisory Board in Restorative Dentistry at the Royal College, responsible for standard setting in the monospecialities of Restorative Dentistry. He is Congress President-elect of the European Society of Endodontology for 2009. He is Chair of the Council of Heads and Deans of Dental Schools. He has lectured and provided hands-on courses throughout the world.

CALLUM YOUNGSON

Qualified from Dundee in 1982 and took a House Officer post in Restorative Dentistry at Leeds. Following further House Officer posts in Dundee he worked briefly in practice in Edinburgh and Perth before returning to Leeds as a temporary lecturer. After 21 years Callum left Leeds, having acted as Director of Taught Postgraduate Studies and Head of Conservative Dentistry with FDS, DRD, MRD and FDS (Rest Dent) from the Royal College of Surgeons of Edinburgh, FDS RCS from the Royal College of Surgeons of England and a DDSc from Leeds University. He was appointed as Professor/Head of Unit of Restorative Dentistry at the University of Liverpool in January 2004 and appointed to Head of Division of Dentistry with operational responsibility for the BDS programmes in January 2007. Callum's research interests are centred on materials and techniques used in the restoration of teeth and factors leading to their failure. Teaching interests are across the wide area of restorative dentistry to undergraduate and postgraduate dentists but with a special interest in teaching of occlusion and fixed (non-implant) prosthodontics. Clinical interests are mainly in the field of restoring the worn dentition including the restoration of amelogenesis and dentinogenesis imperfecta.

ACCOMMODATION

(Please note booking of accommodation is direct with the hotel and not via BSRD administrative staff)

Accommodation can be reserved at the **City Inn Westminster** by one of three methods

- (1) on line at www.cityinn.com entering your reservation dates and entering **BSRD08** into the promotional code field provided.
- (2) By phone on 020 7630 1000 quoting **BSRD08** with the hotel's reservations department
- (3) By completing the booking form below and faxing to 020 7233 7575 for the attention of: Reservations Desk, City Inn Westminster, 30 John Islip Street, London SW1P 4DD

Accommodation Form

(Only one room booking per form please, photocopies are acceptable)

Please complete the accommodation booking form below and return by fax to 020 7233 7575

Requests for accommodation should be returned by 9th October to avoid disappointment. For any additional information, please contact the hotel directly.

Personal Details for whom the room is to be booked

Title	First Name	Surname
Address
