is in the Detail.

Autumn Scientific Meeting 2021
19th November 2021
The Royal Institution, London

Welcome back

Autumn Scientific Meeting 2021

It is my great honour as president of the BSRD to welcome you to our first face-to-face scientific meeting in over two years.

Dear Colleagues,

To mark this important milestone in returning to the 'new normal', the conference is being held at a truly iconic venue, The Royal Institution in the heart of London's Mayfair district. The RI's instantly recognisable Georgian lecture theatre, known to children the world over for its Christmas Lectures started by Michael Faraday in 1825, has hosted world famous speakers over the years, including Carl Sagan and Sir David Attenborough.

I am certain our programme of speakers will be right at home amongst this esteemed company! There is something for everyone, whether undergraduate member, restorative trainee, GDP, specialist or consultant; we all need to pay attention to the little details in order to achieve the big result.

As a special thank you to all our delegates, we are hosting a complimentary drinks reception within the RI's stunning rooms at the end of the day and I look forward to raising a glass to you all.

James Baker, President, BSRD

Programme

19th November 2021, The Royal Institution, London

08.30 – 09.00	REGISTRATION, COFFEE & TRADE EXHIBITION	
09.00 – 09.45	The Multidisciplinary Management of the Smile	Dr Daljit Gill

Speakers

Autumn Scientific Meeting 2021

Daljit Gill BSc, BDS, FDS RCS, MSc, MOrth, FDS(Orth) RCS

Daljit Gill undertook his undergraduate training at the Royal London Hospital and graduated in 1996. During his undergraduate training he also attained an intercalated BSc in Pharmacology. He was appointed a full-time consultant/honorary senior lecturer at UCLH/UCL in 2005. Daljit is a Consultant Orthodontist currently working at Great Ormond Street NHS Foundation Trust and in Specialist Orthodontic Practice. He has had a particular interest in Smile Aesthetics and has supervised a number of Masters level research projects relating to this. He has also had the benefit of working with other experienced Orthodontists, Restorative Dentists and Oral Maxillofacial Surgeons to deal with multidisciplinary problems related to the smile. He would like to share some of his knowledge and experiences in this talk.

Javier Tapia-Guadix DDS, CG Artist

Javier Tapia Guadix graduated from the European University of Madrid in 2003, working there as an associate professor in the prosthetics department during 2004. In 2005 he started his career as a professional computer graphics artist and founded the company Juice - Dental Media Design for this purpose. He received the Collegiate Merit Award by the Spanish College of Dentists from the 1st Region in 2005, for his collaboration in the commission of new technologies. In 2011 he cofounded the Bio-Emulation group. He works with universities across Europe and is a member of GC Restorative Advisory Board. He is official reviewer for the Journal of Clinical and Experimental Dentistry and the International Journal of Esthetic Dentistry. Javier works in his private practice in Madrid, focussing on restorative dentistry and aesthetics. He is an international lecturer, participating in more than 250 congress, hands-on courses and live courses. He has published several articles on restorative dentistry, dental photography and computers in dentistry.

Mr Sanjeev L. Bhanderi BDS MSc MFGDP(UK)

Sanjeev Bhanderi qualified from Guy's Hospital and completed his postgraduate training in Endodontology at the University of Manchester Dental hospital. He is a Specialist in Endodontics and has since worked exclusively in private Specialist endodontic practices in Manchester, Liverpool, and London. Sanjeev is committed to teaching and is a well-known lecturer in the UK and internationally and is currently, Senior Lecturer at the University of Liverpool Dental School for the DDSc Endodontic Specialist training programme. He is also currently the President of the British Endodontic Society and an active Specialist member of the American Association of Endodontics (AAE) and has a particular interest in endodontic microsurgery. He works by legal instruction as a certified medico-legal witness. In 2009, Sanjeev opened his new state-of-the-art Specialist practice and teaching facility in Manchester, where he also runs hands-on live clinical demos and courses for visiting practitioners and postgraduate students.

Dr Nikos Mardas DDS, MS, PhD, Specialist in Periodontics, Clinical Reader & Hon. Consultant, Barts & London School of Medicine & Dentistry, Queen Mary University of London, Periodontology Lead for Undergraduate Curriculum
Dr Nikos Mardas qualified at Athens University. He completed his specialist training and the MS degree in Periodontology and PhD at the University of Aarhus, Denmark. From 2005-2015, he was a Senior Lecturer / Honorary Specialist and M. Clin. Dent/EFP program co-ordinator in Periodontology Unit, at UCL, Eastman Dental Institute. In July 2015, he moved to Barts & The London School of Dentistry where he is currently a Clinical Reader and Consultant in Periodontology, Educational Supervisor for Periodontology Specialty Trainees and the Periodontology Lead for the Undergraduate Curriculum. He is also consultant Periodontist & Implant Surgeon in four private practices. He has published more than 60 papers and three textbook chapters in the field of periodontal and implant dentistry. He is editorial board member in Clinical Oral Implant Research. He has participated in consensus meetings of EAO, ITI, EFP, SENAME and EADE and in 2011 was awarded the Basic Research Prize of the European Association for Osseointegration.

Jurgita Sybaite BDS (Vilnius), MSc RDP (Lond)

Jurgita Sybaite is a Restorative Dentist. She completed her Masters degree in Restorative Dental Practice at the UCL Eastman Dental Institute in 2019, awarded with Distinction and the GC UK post-graduate prize for excellence in clinical and academic achievement. Jurgita's clinical and research interests include smile aesthetics and the role of morphology in aesthetics and occlusion. Her passion for visual arts has led her to develop a particular interest in designing smiles using the art and science of morphology and function. She teaches others how to train to achieve aesthetic excellence through observational tooth drawing, waxing and anterior and posterior composite restorations. She is a Guest Lecturer at the Eastman Dental Institute, where she teaches restorative post-graduate dental students. She runs courses in Comprehensive Aesthetic and Restorative Dentistry at Mizrahi Dental Teaching academy. She also works alongside Basil Mizrahi in London. Their prosthodontic and restorative skills blend beautifully to provide excellence for their cases and clinical variety to teach their delegates.

Nick Lewis BDS(Hons.), MSc, LLM, MFDS RCS Ed., FDS (Rest Dent) RCS, FFGDP

Nick Lewis graduated with Honours in Newcastle and went on to complete his higher training in Restorative Dentistry at the Eastman in 2009, including completion of a Masters in Conservative Dentistry in 2007. He was a Consultant in Restorative Dentistry at the Eastman from 2009-2018 and was clinical lead in Prosthodontics at the Eastman from 2010-2014. He was subsequently appointed as a Consultant at The Royal Surrey Hospital in Guildford. Nick is now predominantly based at the Royal Surrey and is currently the Clinical Director of Maxillofacial Surgery, Orthodontics & Restorative Dentistry while also maintaining a private practice in Yateley, Hampshire with his wife Jane. Nick is also currently the Course Director of the FGDP/ CGD Diploma in Restorative Dentistry.
