

The British Society for
Restorative Dentistry

BSRD RESTORATIVE MASTERCLASS

Autumn Scientific Meeting
3rd November 2023

The Royal Society of Medicine
1 Wimpole Street, London W1G 0AE

Welcome back

Dear Colleagues,

On behalf of the British Society for Restorative Dentistry, it is my privilege to welcome you to our inaugural Hands-On Dental 1-Day Conference. This groundbreaking event promises a day of immersive learning and practical insights, tailored to enrich your dental expertise.

Our distinguished lineup of speakers, renowned for their contributions to the field, will lead you through a series of interactive sessions designed to elevate your clinical skills and knowledge. From innovative techniques to advanced technologies, this conference is a unique opportunity to enhance your practice.

I encourage you to engage actively, exchange ideas with peers, and make the most of this enriching experience. Let's embrace this day as a platform to foster professional growth. Thank you for joining us in shaping the future of dentistry.

Matthew Jerreat, President, BSRD

Speakers

Composite build ups

James Baker | BChD (Hons) MSc Con Dent (Dist) MFDS RCS (Eng)

James graduated with honours from Leeds in 1996 and was awarded The Wattsman Prize for best case in finals and The Charles Rippon Medal for the most distinguished student in the year. He completed a certificate course in Restorative Dentistry at The Eastman 2002, and an MSc in Conservative Dentistry, with distinction, at The Eastman in 2004, where he also won the 3M Postgraduate Prize. In 2005, he won the BSRD Research Prize and is a previous president of both The Dental Society of London and The British Society for Restorative Dentistry. James teaches on masters programmes at both UCL Eastman and Peninsula Dental School, as well lecturing and delivering hands-on courses in restorative dentistry in the UK and abroad. His is a Key Opinion Leader for GC UK and is a member of the GC European Restorative Advisory Panel. He has been published in both journals and textbooks on the subject of restorative dentistry.

Digital Planning

Ashley Byrne

Ashley is the director of Byrnes Dental Laboratory, a leader in modern dental technology. He qualified with a degree in Dental Technology in 2000 and started his own lab with his Dad in 2006. As early pioneers in the world of scanning and CAD-CAM, the lab is now one of Europe's most respected digital labs. Ashley lectures on digital dentistry, and building a highly motivated team, and has spoken in countries as far as the USA, India and South Africa. Their training facility is one of the first of its kind, working to take school leavers through their technical education and to become world leading dental technicians. In his spare time Ashley is a keen cook and has a smallholding for chickens and goats.

Endodontics and apicectomy

Peter Davis | BOS MFDS RCS (Eng) MClintDent (Lond) MRD RCS (Ed)

Peter Davis is originally from the Southwest, having gone to primary and secondary school in Cornwall. Peter qualified in 1997 from Guys' Hospital Dental School. He obtained his Master of Restorative Dentistry in Endodontology (MRD) from the Royal College of Surgeons of Edinburgh and was awarded a distinction in his Master of Clinical Dentistry in Endodontology (MClintDent) from the University of London.

He is currently a postgraduate tutor on the Endodontology Postgraduate programme at Kings College, London and a lecturer at Peninsula Dental School. Peter combines this with working at his own private practice; Spring Hill Specialist Dental Centre in Tavistock, as well as holding clinics at River Practice in Truro.

Periodontal Surgery

Philippa Hoyle | BChD, MFDS (RCS Ed), MPros (RCS Ed), FDS Rest Dent (RCS Ed)

Philippa Hoyle is a Consultant in Restorative Dentistry and Lead in Periodontology at Charles Clifford Dental Hospital in Sheffield. After graduating from University of Leeds, Philippa completed a number of training posts prior to completing her specialty training in Restorative Dentistry in Sheffield.

She is proud to be a current BSRD Council member with roles including Assistant Treasurer, Website master and SAB representative. She has authored and co-authored numerous papers published in peer-reviewed journals as well as presented prize winning posters at national and international conferences.

Philippa is passionate about teaching and is actively involved as a Clinical Supervisor for both Specialty Registrars in Restorative Dentistry, and Postgraduate Students enrolled in the DClintDent Periodontology programme at the University of Sheffield.

Philippa is currently on the Restorative Dentistry and Prosthodontic Specialist lists. She is particularly interested in mucogingival and regenerative surgery as part of her role in leading a specialist periodontology service.

Managed Clinical Networks in Restorative Dentistry

Matthew Jerreat

Matthew Jerreat is a distinguished Restorative Consultant renowned for his exceptional contributions to the field of dentistry. With extensive experience spanning over two decades, he has established himself as a thought leader in restorative dentistry. Matthew's innovative approach to patient care, coupled with his expertise in advanced techniques and technologies, has garnered him international recognition. He is a sought-after speaker, educator, and author, sharing his insights with fellow professionals globally. Through his commitment to excellence and patient-centric care, Matthew Jerreat continues to shape the landscape of restorative dentistry, inspiring professionals to achieve new heights of clinical proficiency.

Preparing for specialty training, National recruitment and practicing for the assessment

Angharad Truman

Angharad currently splits her time working as an NHS Consultant in Restorative Dentistry and lead of the Hypodontia service for Somerset NHS Foundation Trust; and in academia as an Honorary Consultant in Restorative Dentistry and Module Leader for the Restorative Dental Science MSc with Plymouth University.

She qualified in dentistry at Cardiff University in 2011. Working across various regions in Wales, she undertook vocational training in a general dental practice, followed by DF2 training in Restorative Dentistry, Dental Public Health and Maxillofacial Surgery. This cemented her passion for restorative dentistry and she completed her specialist training in Restorative Dentistry at Plymouth University Dental Education Facility and Bristol University Dental Hospital.

Angharad has successfully completed a Certificate in Medical Education, Masters in Restorative Dentistry, Membership of Prosthodontics Examinations (Royal College of Surgeons Edinburgh) and Intercollegiate Specialty Fellowship Examination in Restorative Dentistry (Royal College Surgeons, Edinburgh). She is a GDC registered specialist in both Restorative Dentistry and Prosthodontics.

Her specialist interests in the field of Restorative Dentistry include multidisciplinary care of patients with orthodontic-restorative needs and prosthodontics. Angharad has a passion for Restorative Dentistry and education and is the Honorary Secretary of the British Society for Restorative Dentistry.
